## DONATIONS:

A Gofundme started for Miss Lizzy after the Water Event brought in \$5100 in donations (eventually). Other donations were received via sales/auctions at Balticon and other events, for approx. \$600. Other donors sent me direct gifts of usable supplies (folding tables, drying crystals, plastic bins, etc). I sold a number of personal items (costumes, hats, etc.) and beads for approx. another \$500. I am uncertain whether any of these donations qualifies as "income". It all went DIRECTLY and immediately to pay for the disaster-related expenses above.
